

**Heart of Georgia Technical College
Community Education
Department**

For Beginners
Tuesday & Thursday, May 25th & 27th
6:00pm - 9:00pm

\$49

New to ebay®? There are a few things you need to know as you begin to trade actively. You will learn how to join, how to buy, how to sell, how bidding works, what your responsibilities as an ebay® user are, and how to trade on ebay® safely. If you've tried to use ebay® and found it difficult or confusing, this course is for you. We welcome back instructor, Christy Jackson, for this class. Christy has over ten years experience trading on ebay® and is excited to assist you in becoming a trader too.
