## Why establish a scholarship?

Simply put, scholarships create opportunities to change the lives of students who may not otherwise have the financial resources to receive a college education. Providing scholarship assistance also provides donors with the satisfaction of knowing that they've helped one or more deserving individuals make their professional and personal dreams come true.

## Establishing an Endowment

At Heart of Georgia Technical College, there are many flexible options for individuals, organizations and businesses to support students through endowments.

A named endowment scholarship is established in perpetuity. It can be created with a single gift or a combination of gifts totaling at least \$10,000. The principal of the fund is never spent. It is invested for both income and growth. Annual distributions are made from the endowment growth to support the interests of the donor.

The establishment of a named endowment is a very special way to honor a family member or friend. An endowment may begin with a balance of less than \$10,000. Additional funds may be added over a period of five years until the minimum endowment level is reached. At this time, the endowment will become self-sustaining and provide income in perpetuity.

## Why establish an endowment?

There are many reasons donors establish endowments:

- To remember, honor and pay tribute to a family member, loved one, mentor, or faculty member.
- To convey your desire to permanently enhance the college by providing scholarship funds for students.
- To convey your company's support of technical education for generations to come.
- To simply thank Heart of Georgia Technical College for the impact it has made.

## Establishing an Annual Scholarship

Annual scholarships can be contributed through a direct gift for an award. The scholarship may be renewed on an annual basis by the donor.

## Helping establish the criteria

We encourage participation in helping set the scholarship criteria to insure the scholarship is reflecting the donor's intent, is not overly restrictive, and does not discriminate.
